**Tickets: £5 each covers all costs, refreshments and a light lunch.**

**Provisional Timetable:**

**1100 onwards - Delegates arrive at observatory**

**1300 - Lunch**

**1430 - Meeting**

**1730 approx - End**

**Speakers booked are Ninian Boyle, John Mason and Peter Burgess.**

**INFORMATION**

**Cross Solent. It is anticipated most delegates will cross as foot passengers from Portsmouth harbour on the 'Fast Cat' which depart at 15 and 45 minutes past each hour. There are several long stay car parks close to the sea front Book through to Shanklin station. On Ryde pier board the train (ex London underground rolling stock – some vintage 1930's!!) The trip to Shanklin is quite picturesque. VAS personnel will transfer people to the observatory.**

**By car. Expensive but a possible consideration if you can fill a vehicle. Ferries depart from Gunwharf Road on the hour and half-hour. Summer Saturdays are very busy and the journey must be pre-booked in both directions if this mode is selected. Crossing time is approx 40 mins plus approx 20 mins to observatory.**
